

## SIMATS ENGINEERING ASSESSMENT TOOL 3

**COURSE NAME: CSA16 COURSE CODE: Data Warehousing and Data Mining**

---

### **COURSE OUTCOME COVERED**

**CO1:** Design data warehouse architectures with appropriate dimensional models for effective decision support systems. BL1,BL2  
Assessment Tool Weightage: 30%

---

**QUESTIONS: 2**

**Total Marks:50**

Annexure A

Technical Presentation

| <i>Criteria</i>  | <i>Technical Content Accuracy(3)</i> | <i>Problem Identification(2.5)</i> | <i>Use of Tools(2)</i> | <i>Communication(1.5)</i> | <i>Professionalism(1)</i> | <i>Total(10)</i> |
|------------------|--------------------------------------|------------------------------------|------------------------|---------------------------|---------------------------|------------------|
| <i>Weightage</i> | 30%                                  | 25%                                | 20%                    | 20%                       | 10%                       | 100%             |
| <i>Q1</i>        |                                      |                                    |                        |                           |                           |                  |
| <i>Q2</i>        |                                      |                                    |                        |                           |                           |                  |
